Jayden T. Gillespie

Foundation

Our Mission & Vision

Our **Mission** is to make a positive impact on adolescents and young adults affected by mental health disorders. Our current approach is to assist uninsured adolescents and young adults with schizophrenia or other forms of psychosis in obtaining lifesaving intensive outpatient interventions. Additionally, we provide scholarship support for young students pursuing the career goals that Jayden aspired to accomplish.

Our **Vision** is to enhance the quality of life of these young individuals by providing them with tools to maintain mental health, supporting their development into effective leaders and future champions of our shared goals. We aim to destigmatize mental illness by fostering open, proactive discussions and events in our communities that increase knowledge of mental health issues, improve mental well-being, and reduce suicide rates.

Join us for a great day with friends at the
4th Annual Jayden T. Gillespie Invitational Golf Tournament
and support our vital work with adolescents and young adults
experiencing Mental and Emotional Challenges.

Jayden T. Gillespie Memorial Past Scholarship Recipients

The purpose of this scholarship is to provide support to undergraduate students with financial need. These students are active participants in programs under the umbrella of the Office of Black Student Services with a preference for students majoring in the School of Film and Television.

JALEN PIPKINS – SCREENWRITING

2025 Scholarship Recipient

I am a passionate and dynamic storyteller with a vision to inspire change through the art of film and writing. As a storyteller, I am committed to crafting stories that challenge the growing societal norms.

My career goal is simple: To tell stories that have an impact on people's minds, bodies, and souls—stories that cause them to think and reflect when they step outside of the theater.

I am deeply grateful for this scholarship. Although many don't believe the art of storytelling will get you far in life, I'm not looking to get "far" I'm seeking moments of positive impact on others through my stories, and your generous donation is giving me the stepping stones to do so.

2025 Jalen Pipkins – *Screenwriting*

2024 Yvonne El-Amin – *Film & Television Production*

2023 Kahley Burwall – *Screenwriting*

2023 Iris Gullette – *Screenwriting*

2023 Royce Haddock – *Film & Television Production*

2022 Andrew Washington – *Film, Television & Media Studies*
